

## Description

This Eurotech cooker is excellent for any kitchen with an extra-large oven capacity and comes in your standard 60cm size. A bach, sleep out or rental you'll be safe knowing that you can cook up a storm and have a cooker that can handle it all.

## Features

- Boasting a 76-litre capacity, you'll have ample space for cooking those Masterchef meals.
- With 7 cooking functions you'll have an option to suit your cooking style.
- Featuring catalytic liners cleaning your oven will be a breeze simply by absorbing food and grease splatter and burning it away during cooking.
- The digital timer will let you set and never forget what you have cooking.
- A triple-layered glass door allows for a safer environment keeping it cool to the touch when the oven is used.
- Cooking with the gas cooktop is a breeze, with 4 zones you'll be able to have multiple pots and pans on the go.
- **Dimensions**

HEIGHT: 900 mm  
WIDTH: 600 mm  
DEPTH: 600 mm
